

INSTALLATION INSTRUCTIONS

DRAG SPECIALTIES SEATS FOR ALL SPORTSTERS® 1982- PRESENT

0804-0250

0804-0258

ATTENTION INSTALLER (if other than owner): Please forward this instruction sheet to the purchaser of this product. These instructions contain valuable information necessary to the user.

INTRODUCTION: These instructions describe the procedure for properly installing Drag seats onto 1982-present Sportster® models.

Review instructions carefully before beginning, as they contain important information. Please retain for future reference.

Particularly important information is distinguished in the instructions by the following notations:

NOTE: A NOTE provides key information to make procedures easier or clearer.

CAUTION: A CAUTION indicates special procedures that must be followed to avoid damage to the motorcycle and/or accessories.

WARNING!: A WARNING indicates special procedures that must be followed to avoid injury to a motorcycle operator or person inspecting or repairing the motorcycle.

TOOLS REQUIRED:

7/16" combination wrench
#3 phillips screwdriver

PROCEDURE:

Begin by placing the bike on the side stand

1. Remove stock seat from the bike. Save the rear phillips-head screw. The plastic washer will not be reused with the Drag Specialties-style bracket.
2. Rear bracket comes installed on the seat base with a plastic step washer. The plastic step washer will only be used on '96 and earlier applications.
3. Slip your new seat over the tab at the front of the frame near the gas tank, and position on the rear fender.
4. Position rear bracket to line up with hole in fender. Attach the rear bracket to the fender, reusing the stock mounting screw.

FOR CUSTOM FENDER APPLICATION USING BLIND NUT KIT DS-490048.

PROCEDURE:

1. Begin by having custom fender, fender struts and sissy bar in proper position and tight.
2. Install seat over tab, slip forward and position.
3. Follow instructions with Blind Nut Kit to complete installation.
